

# Vesicular Stomatitis

## Emergency Import Requirements as of 5/1/15

Livestock (equine, bovine, porcine, caprine, ovine, or cervidae) entering Oklahoma from a county where vesicular stomatitis has been diagnosed within the last 30 days or a county that contains a premise quarantined for vesicular stomatitis shall be accompanied by a Certificate of Veterinary Inspection (CVI) dated within five (5) days of entry containing the following statement: **"All animals identified on this certificate have been examined and found to be free from signs of vesicular stomatitis and have not originated from a premise which is under quarantine for vesicular stomatitis."**

The CVI shall be completed by an accredited veterinarian from the state where vesicular stomatitis has been diagnosed and shall be obtained prior to each entry into Oklahoma. This includes reentry of Oklahoma origin animals that have traveled to a state with vesicular stomatitis.
