

# Farmer's Market Price Report OSU-OKC

## September

### 2021

#### Market Comments:

Late summer/early fall has been tough for farmers. Hot dry conditions continue and watering systems are working overtime. Some fall items are making their first appearance with fall squash varieties as well as some pumpkins for pie making. Peppers continue to be in plentiful supply. Only one more month of Farmers Markets as the end of October the outdoor Farmers Markets will close for the season. The OSU-OKC Farmers market will be closed the first weekend in October due to the Memorial Marathon.
