Poultry Feeding Operation (PFO) Nutrient Management Plan (NMP) Transfer Application (Facilities **not in** Eucha-Spavinaw watershed)

When transferring a PFO to a new owner, the new owner may request to transfer the current valid NMP into the new owner's name, if the operation or its waste utilization remains as described in the NMP and will remain under the new owner. If applicable, you may **submit this checklist and a color copy of the current NMP with the PFO transfer paperwork**. Please retain a color copy of the current valid NMP on site at your PFO for your records.

Please review the following questions and check *yes* or *no* accordingly:

1. Will there be an increase in the number of birds or a change in the type of bird (i.e. layer, broiler, pullet, etc.) being grown at this operation?
 Yes No

2. Will there be any changes made to the handling and storage of generated litter? (i.e. addition of litter shed)
 Yes No

3. Will there be any changes made to the handling and disposal of normal or catastrophic mortalities?
 Yes No

If the current NMP exports all litter, skip to question 6.

4. Will there be any changes in the crop type being used for litter application?
 Yes No

5. Will there be any new land application fields added or removed that are not included in the NMP under previous ownership?
 Yes No

If the current NMP allows for land application of litter, do not answer question 6.

6. Do you plan to land apply any litter on land you own, rent, or control?

- Yes No

If you answered no to all applicable questions above and accept the conditions/terms of the current valid NMP, please sign and date below to transfer the current valid NMP into your name. After signing, please send this form with a color copy of the current valid NMP to Oklahoma Department of Agriculture, Food, and Forestry (ODAFF) Agricultural Environmental Management Services Division at P.O. Box 528804, Oklahoma City, OK 73152. If approved, ODAFF will sign and send back for your records. If you have any questions, please call (405)522-5998.

If you answered yes to any of the questions above, you must obtain and submit a new/updated NMP or proof of application. Options for new NMPs include:

- Contact the Natural Resource Conservation Service to see if they have resources available to prepare a plan. (If they do not, you will need to seek other options).
- Contact a third party consultant to prepare a plan for you to submit to ODAFF for review and approval.
