OKLAHOMA HAY MARKET REPORT
1-21-22

Receipts: 3,274 Last Reported: 830 Year Ago:348
Compared to last report: Weather continues to stay warm temperatures; hay is steady. The warm weather conditions allows the cattle to still hang on to the free-standing grass. Hay remains the main feed resource due to prices of feed. We are currently in severe drought in the eastern and an extreme drought to the central, and western Oklahoma according to the Mesonet.*** The next report release will be February 4th.***

Central
