**OKLAHOMA HAY MARKET REPORT**  
2-18-22

Receipts: 2,237 Last Reported: 2,401 Year Ago: 315

Compared to last report: We continued to receive winter weather which allowed the hay market to stay steady. We still need more moisture in our state to continue to help with the drought conditions and wheat pastures. Thus far, according to the Mesonet for most of the state is experiencing abnormally dry conditions or worse. In the Oklahoma Panhandle the drought conditions are exceptional, Western Oklahoma is in extreme drought, Central Oklahoma has moved into more a in an extreme drought, and Eastern part of Oklahoma is in a severe drought. Looking into the future, on the 6-to-10-day we may receive some more moisture in the near future.

\*\*\* The next report release will be March 4th. \*\*\*
