

# Farmer's Market Price Report OSU-OKC

## MAY

## 2022

### Market Comments:

Products were slim due to the brutal drought not allowing more products to grow. Many producers are finding other avenues to try and keep pricing affordable such as changing packaging. We have seen rain far across our state this past month which should help with the drought we are in. The following Farmers Market report will be available in June.

Classification and Varieties	Production Practice	Unit of Sale	Lowest Price	Highest Price
<b>BULBS</b>				
Onions	Organic	bunch	4.95	
Onions	Natural	bunch	4.00	
Onions		bunch	4.00
