OKLAHOMA HAY MARKET REPORT

4-22-22

Receipts: 3,175 Last Reported: 3,545 Year Ago: 0

Compared to last report; We continue to see lower number of trades due to the transition period from winter hay to spring cuttings. Most produces are currently out of hay and are waiting for that much needed rain to help our fill our ponds, crops to grow, and hay to produce. Especially in Western Oklahoma the extreme into exceptional drought conditions have increased. The drought conditions from Central Oklahoma toward Eastern Oklahoma ranging from severe to no drought at all.

*** The next report release will be May 6th. ***
