OKLAHOMA HAY MARKET REPORT

8-26-22

Receipts: 7,556 Last Reported: 2,842 Year Ago: 0

Compared to the last report: Hay is getting tighter. Farmers and hay producers are beginning to get creative with baling up their milo, soybeans, and corn stalks. The rain did come across the parts of the state which brought cooler temperatures and which we might possibly receive a second cutting. Through the Oklahoma Mesonet, we are in the forecast of receiving some rain. The Drought Monitor shows that 99.98% are in abnormally dry conditions, 98.64% are in moderate drought conditions, 89.68% are in severe drought conditions, 48.60% are in extreme drought conditions, and 2.19% exceptional drought conditions.

*** The next report release will be on September 9th ***
