OKLAHOMA HAY MARKET REPORT

9-9-22

Receipts: 1,645 Last Reported: 7,556 Year Ago: 0

Compared to the last report: Hay continues to get tighter. Supply is getting lower, demand is getting higher along with prices are beginning to change again, and we haven't even begun the fall season yet. The rain we did receive last week did help some, but it may have been too late to see another cutting of hay. For the drought according to the Oklahoma Mesonet exceptional drought is at 2.19 percent. Extreme drought is at 47.7 percent. Severe drought is at 84.8 percent. Moderate drought is at 96.5 percent. Abnormally dry is at 99.9 percent.

*** The next report release will be on September 23rd ***
