

**Agricultural Pollutant Discharge Elimination System (AgPDES)
General Permit #OKR140000
General Permit for Stormwater Discharges from Construction
Activities within the State of Oklahoma**

Response to Comments – No Comments Received

The Oklahoma Department of Agriculture, Food, & Forestry (ODAFF) published a notice in The Daily Oklahoman, a daily business and legal newspaper, as well as posted on our website at <https://ag.ok.gov/divisions/agricultural-environmental-management/>, on January 31, 2023 regarding the permit draft 2023-2028 OKR140000 General Permit for Stormwater Discharges from Construction Activities within the State of Oklahoma pursuant to Oklahoma Agricultural Pollutant Discharge Elimination System (AgPDES) Act, Title 2A O.S. § 2A et seq. and the Oklahoma Administrative Code (OAC) 35:44.1 and 35:44.3, the rules of the ODAFF, and made it available for public review and comment. The public review period ended on March 2, 2023.

No comments were received and no changes were made to the draft 2023-2028 OKR140000 permit. The permit will become effective on March 8, 2023. This will be the ODAFF's final permit decision. A copy of the final permit, fact sheet, and this document are available on ODAFF's website at: <https://ag.ok.gov/divisions/agricultural-environmental-management/>.
