OKLAHOMA HAY MARKET REPORT**5-26-23****Receipts: 550 Last Reported: 1640 Year Ago: 0**

Compared to the last report: Hay trade is slow with good demand. Oklahoma as a whole is cutting behind schedule. We have received some much-needed rainfall across the State of Oklahoma. With those rains, some parts of the state are unable to bale hay due to the moisture. Still, no price trends are available at this time. The Oklahoma Mesonet Drought Monitor shows we are at 5.68 percent in exceptional drought, 25.09 percent in an extreme drought, 43.18 percent in severe drought, 50.44 percent in moderate, 60.14 percent in abnormally dry conditions, 39.86 percent that has no drought conditions.

*** The next report release will be on June 10th***

Central**Alfalfa: Good (Ask/Per Ton)**
