Oklahoma Retail Feed Cost Report (Monthly)

12-12-25

Compared to last report: New feed contacts have been added to this feed report, contributing to the inconsistent feed prices. CME feeder cattle futures have posted strong gains throughout the month. Auction prices continue to rebound with feeder cattle trading as much as 15.00 higher and calves 10.00-20.00 higher with instances of up to 40.00 higher. Wheat pasture conditions across Oklahoma look good, though a rain would be beneficial. After Sunday, temperatures are forecasted to rise into the 70s by next Friday, making mid-December feeling more like mid-April.
